TAKING BIG CHANCES

It is a great risk to travel without a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy, as this preparation cannot be obtained on trains or steamships. Attacks of bowel complaints are often sudden and very severe, and everyone should go prepared for them. Obtainable everywhere.

NOTICE!

Having decided to go west, will offer for sale, privately all of my property, both personal and real, as follows, until August 15th, and on that day I will close all that remains unsold at public auction at my home, Hansford, Ky. Real estate for sale on easy terms: Farm or tract No. 1 of 130 acres, 4 miles south of Mt. Vernon, with 1 storehouse, dwelling house and barn, and three tenant houses, several good coal mines from which Mt. Vernon and surrounding country get the greater part of its coal supply. Farm No. 2 of 156 acres, 4 miles south of Mt. Vernon, 2 houses, 1 barn, about 35 acres in growing crop, 60 acres in grass and balance in woodland; adjoining farm No. 1, so as to make one well located farm if purchaser should desire both tracts. Farm No. 1 lies on east side of creek and mostly underlaid with coal. Farm No. 2 on west side of creek, rather a valley farm, with some coal in the hill. Farm No. 3 of 190 acres, one half mile west of farm No. 2; a good strong valley farm in good state of cultivation and not very much improved. About 100 acres cleared, balance in woodland south of Mt. Vernon, in good state of cultivation, well improved; 1 good dwelling house, barn and storehouse and all other necessary outbuildings; 6 tenant

houses. This farm is a creek farm, running to the hilltops, with some workable coal in the hills. Also has a 10 acre orchard set out this spring, consisting of about 500 Stayman Winesap apples and 500 Elberta peaches, if all are true to name, with a guarantee from the company to prune and spray for 3 years. Holes were dynamited for trees and great care taken in setting the orchard. Also about 6 acres of other orchard on this farm. This is the farm for the stockman; a good farm and well watered and only a few years to wait for a young fortune from growing fruit.

Farm No. 5 of 258 acres, adjoining farm No. 4, with one good dwelling house, barn and storehouse; 4 tenant houses and barns, good orchard; known to be as good if not the best stand for merchandise in the county. Also has a good coal mine.

Farm No. 6 of 250 acres, 2 miles west of farm No. 5; good valley farm, in good state of cultivation; good house and barn; good orchard; 1 tenant house; about 120 acres cleared and the balance in woodland.

3 town lots in Bethurum & Lewis addition to Mt. Vernon, Ky., and 1 lot in Jersey City, N. J. Also have a few hundred acres of desirable mineral rights to sell.

It is not worth while to speak of the water on these farms, as it is well known that Rockcastle is one of the best watered counties in this state or any other state. All of these farms are handy to churches and schools and the county has under consideration, 4 turnpikes out of the town of Mt. Vernon, north and south, east and west. Several miles have been let and work already begun. Those farms are on the pike road leading south from Mt. Vernon, on the waters of Dry Fork and Skeggs Creek and most of this land is limestone land and fine producing and grass land. Will sell on easy terms any part of this land or all as a whole. Anyone wishing to buy land, either for investment or home, will do well to call and go over this land, and get my price and terms. For the benefit of those who might know these farms and locate them better by name, I will name them by their former owners: Tract No. 1 known as the Sand Spring coal fields; Tract No. 2 known as the Will Price farm at Sand Spring; Tract No. 3 known as the old Tommy Graves valley farm; Tract No. 4 known as the K. J. McKinney farm; Tract No. 5 known as the W. G. Nicely farm at Hansford; Tract No. 6 known as the Mat Deboard and later the Albert Hamlin farm near Level Green.

PERSONAL PROPERTY for sale on easy terms: 8 work mules; 4 wagons; 1 hack bed; 1 new surrey; 1 rubber tire buggy; 1 set of buggy harness; 4 turning plows; 3 section harrows; 2 disc harrows; 3 walking cultivators; 4 double shovel plows; 4 bull tongue plows; 1 mowing machine; 2 rakes; one-half interest in 1 binder; about 2500 ft. of 1 1/2 inch iron pipe in care of Mt. Vernon Fair Association; 1, 12 horse power boiler and engine; all of my interest in about 200 acres of growing crops, to be sold as it stands or so much per bushel as gathering time. 2 stores and fixtures, one store at Hansford and one at Sand Springs, 5 show cases; 1 desk; 1 typewriter; 1 iron safe; 1 share in Peoples Bank; 1 share in Mt. Vernon Fair Association; 25 shares in Central Life Insurance Co.; 2 shares in Don Overland Shoe Co. of Indianapolis, Ind.; 3 shares in Kentucky Rural Credit Association.

The Rockcastle Road-Working.

Rockcastle County today demonstrated its intention to build its share of the Dixie Highway.

Nearly three hundred of her citizens came out to Scaffold Cane, early this morning under the direction of B. T. Monahan the road engineer, and Judge Ballard of the county court to shake hands with a hundred and twenty five citizens from Madison county and break dirt at the county line for the real Dixie Highway.

The men came not to a picnic tho the ladies saw that the picnic idea was not lacking—God bless them—but came in their overalls and brogans ready to make the dirt fly. And they made it fly in dead earnest. There were some thirty five or forty teams there—big strapping Rockcastle mules in work dress. There were wheel scrapers and dirt scoops and plows with sharp points, spades and shovels a plenty and picks and mattocks to go round. The men used them.

Everybody came—preachers, doctors, lawyers, grandfathers, grand daughters, young housekeepers, babes, boys, and girls from the teens down. Some sweethearts were there—rosy-cheeked girls whom Rockcastle produces so well—the young fellows didn't stop to court; they only worked harder in their presence.

There was ice-water plenty, the ice was sent up from the College ice plant, and like the old hunters moonshine, "bit right where it aimed."

The fellows drank this by canfuls and worked in the 90 degree sun until the sweat ran thru their boots.

Monahan was on the job directing work, Judge Ballard was out in khaki trousers and work shirt. He didn't sit in shade talking politics, he worked. I helped him dynamite and dig out a bad stump and can vouch for his ability to handle the pick and run when the fuse was lighted. Three members of the county court were there McGuire, Arnold and Chasteen, all shoveling.

Any county officer who comes from his crop or other business lays aside his laundred collar and shovels as much dirt as these men did deserves to be reelected. But why shouldn't they and every other citizens of the county lay hold of the pick? Rockcastle was doing her part in making great east highway ever surveyed in America and it is a credit to every man who breaks a rock or throws a shovel of dirt.

Judge Baxter, county judge of Madison was there with Boggs the county engineer. Jake Herndon was there as first lieutenant to Monahan. Jake didn't come alone but had a team of big mules and two or three boys on the job, and a big basket of dinner. Jake always has the dinner along.

Berea College had teams there and a lot of workers. Dean Clark helped to stake off the road and directed the men, Marsh the Registrar, Knight the preacher, Gabbard the farm foreman. Hunt the professor and others were there in overalls and high-laced boots putting muscle on Dixie Highway.

The noon hour will long be remembered. The goose women of Rockcastle—they always do the nice thing—and lots of the women from Madison brought boxes and baskets filled with good things to eat as only the women of these two counties can prepare. Dinner was spread in the shade of the old church where the split of the Lord has so often touched the hearts of His people. There were thanks to God for the good dinner, the good day and the good cause and then the cause the women fell to.

I could say some numerous things about the way that dinner disappeared. The men who had worked and the fellows who hadn't—there were only a few of the latter—turned on full steam staked their future happiness on the strength of the walls of their stomachs and hopped to it. But I forbear to indulge in numerous sketches. I leave it to you good people of Rockcastle county to imagine how long it would take 250 hungry men and half as many women and children whose appetites were fair to dispose of such good things as we had there not a faulty pie, not a scorched muffin—and looked to me like

mighty little left.

Well, when things were in a sort of a lull Jake Herndon called for attention—Jake always does that in snappy Herndonese—and introduced Judge Baxter of the Madison county court. The Judge reassured the people that Madison will connect with road at the Rockcastle line as soon as the thing is a go and Judge thinks now that it is a go too. Then came Judge Ballard who talks as well as he works and eats as well as he does either—I watched him for a while at it. He was followed by Boggs, the engineer, of Madison, who also said some good things. Then Herndon introduced himself and made a great speech. I want attempt to report it for fear of leaving out some of Jake's great ideas, pretty good ideas, too. Jake peddles that kind around. When the crowd broke up up the fragments, hitched up the teams, took up picks and shovels and during the afternoon repeated the woathy activities of the morn. It is needless to into further details about the work of the afternoon. The fellows were right on the job. It was just a continuation of the forenoon, a demonstration of the fact that Rockcastle county purposes to put her part of the Dixie Highway thru—thank God—and share all honor and good results that come from doing so.

RECIPE FOR PLY PAPER.

The following directions for preparing sticky fly paper are given by Dr. Crumline of the Kansas State Board of health: Take two pounds of raisins and one pint of castor oil, beat together till it looks like molasses. Take an ordinary paint brush and smear while hot on any kind of paper, an old newspaper is good, and place several about the room. A dozen of these may be made at a cost of one cent. Half these proportions may be used if this is too much. A solution of formaldehyde, one part to 20 parts water placed on blotting paper in saucers will serve the place of poison fly paper.

SALE FOR TAXES.

Vernon Ky for the purpose of satisfying taxes due on the Livingston Graded School, one house and lot in Livingston, Ky, now occupied by J. F. Jones, taxes of R. M. K. Flour Co. Amount \$25.00 Cam Mullins, S. R. C.

Feeds Thousand But Hears One Story From All

Proprietor of Toledo's Biggest Restaurant Repeats Tale of Hundreds of Men.

"About two months it started" began Clarence M. Babcock, proprietor of big Cherry restaurant at 312 Cherry street, Toledo, Ohio, where more than 1,000 Toledans are served daily.

"One customer after another would give in his order and tell how good he felt."

"I seemed that from day to day I heard hundreds of men telling how well they felt—and providing it by their meals—and ascribing it to one thing—Tanlac. You see, there are more than one thousand customers every day at the Cherry. Most of them are pretty busy, but they have time enough to pass a good thing along. So they told me about Tanlac, and I kept telling me every day."

"In door work and to go hours and began to tell on me pretty hard. I had to drag myself through the day's work. Kidney trouble was causing me fearful pains, I had no appetite and couldn't sleep and the constant grind had affected my stomach, too. For four months I had been a fine example of the man who is all run down. 'I had grown nervous and had lost twenty pounds in less than two months. I didn't feel as if I had energy enough to work a day through. I was irritated and far from being myself."

"There can be but one answer to this Tanlac story that's continued every day. I decided. If hundreds of level headed men come in here and praise Tanlac and say it has restored their appetites, toned them up, made them sleep and generally benefitted them, it must be true. So I bought Tanlac."

Now I am feeling just one hundred per cent better. I have a good appetite. My work looks good to me and I have the energy to take care of it. Customer after customer says to me. 'Clarence what have you been doing to yourself that you have changed so?' And I like to hear it and I tell them I have been taking Tanlac. Get some, it's great."

Tanlac, the tonic appetizer and invigorant that won this statement from a conservative business man is being introduced in Mt. Vernon at R. H. Miller, also at Central Drug Co., Livingston, and John Robins' Drug Store, Brodhead. W. M. Owens' store, Barr, Line Bros., Crab Orchard, S. E. Welch Berea; J. Reynolds and Son, Bee Lick.

SHOULD SLOAN'S LINIMENT GO ALONG?

Of course it should! For after a strenuous day when your muscles have been exercised to the limit an application of Sloan's Liniment will take the soreness and stiffness away and get you in fine condition for the morrow. You should also use it for a sudden attack of toothache. Stiff neck, backache, stings, bites and the many accidents that are incidental to a vacation. "We would as soon leave our baggage as go on a vacation or camp out without Sloan's Liniment." Writes one vacationist: "We use it for everything from cramps to toothache." Put a bottle in your bag, be prepared and have no regrets.

COMMISSIONER'S SALE.

In the District Court of the United States, for the Eastern District of Kentucky, No. 3067.

UNITED STATES TRUST COMPANY, Plaintiff,

against

KENTUCKY PORTLAND CEMENT & COAL COMPANY, Defendant.

By virtue of a judgment rendered in the above cause, the undersigned, on Tuesday, September 19th, 1916, between the hours of ten o'clock, a. m., and two o'clock, p. m., to-wit, at or about the hour of twelve o'clock noon or as soon thereafter as may be convenient, will sell at public auction, to the highest bidder, at the door of the Court House of Rockcastle County, Kentucky, at Mt. Vernon, in said County, all of the property of every kind and description and wherever located of the Kentucky Portland Cement and Coal Company which is covered by a mortgage or deed of trust dated June 1st, 1912, which was executed and delivered by said Kentucky Portland Cement and Coal Company to the United States Trust Company, of Louisville, Kentucky, and which was duly recorded in mortgage book 9, pages 318 to 394 inclusive, in the office of the Clerk of the Rockcastle County Court, and being all and singular the lands, mineral and mining rights, and properties and all estates and interests in all those certain tracts or parcels of land of said Kentucky Portland Cement and Coal Company, situate in, at or near Pine Hill, Rockcastle County, Kentucky, and all its right, title, interest and estate, either at law or in equity, in and to the same, and their appurtenances, with all the rights, privileges and franchises of the Kentucky Portland Cement and Coal Company attaching or belonging to or ex reisable in or about or in connection with the same, and all the income, revenues, rents, issues and profits thereof, the said lands, mineral and mining rights, and properties and estates and interests therein, and being in particular twenty-four (24) parcels or tracts of land situate and being in said County and State, which are described more particularly in the aforesaid mortgage or deed of trust, together with all the machinery, engines, pipes, tubing, railroads, mine cars, electric and other fixtures, tools, tripes, storehouse, dwelling-houses, office buildings and other fixed and detachable and movable property which may be now owned by said Kentucky Portland Cement and Coal Company and which may be appurtenant to such interest in the land, mining rights and mines of said Kentucky Portland Cement and Coal Company. Reference is made to the decree and to the bill of complaint in the above styled action for a more exact and particular description of the real estate and other property to be sold. The said twenty-four (24) tracts of land contain approximately two thousand (2000) acres, more or less.

The said property will be sold in one parcel and as an entirety and pursuant to the terms of the aforesaid judgment. The amount to be raised by said sale is the sum of \$791,966.59, with interest thereon at 6 per cent. per annum from July 29th, 1916, until paid. The Commissioner will require from each bidder before receiving any bid from him, a preliminary deposit of \$5,000.00 in cash or by certified check. Preliminary deposits from unsuccessful bidders will be returned by the Commissioner at the conclusion of the bidding, 25 per cent. of the amount remaining due on any bid which is accepted shall be paid immediately after the confirmation of the sale; a further 25 per cent. shall be paid within twenty (20) days after such confirmation; and a further 50 per cent. of such sum shall be paid within forty (40) days after such confirmation; provided, however, that the purchaser shall have the right to anticipate either or all of such payments. All deferred payments shall bear interest at the rate of 6 per cent. per annum, and be secured to the satisfaction of the Commissioner. In case any bidder or purchaser shall fail to make good his or her bid upon its acceptance by the Commissioner, by making the aforesaid additional payments, then the sums paid or deposited by such bidder or purchaser shall be forfeited as a penalty for such failure. If any sale, for which a deposit has been made, shall not be confirmed by the Court, such deposit shall be returned to the bidder, and the deposit of any successful bidder shall be returned to him when a bid shall have been accepted.
